

Anandha Poorana T

I, Anandha Poorana Thraya SS, student of FIITJEE GLOBAL SCHOOL (FGS).

I joined this school in the year of 2021, for pursuing my 9th standard and now I am continuing my senior secondary schooling along with my JEE preparations here.

I came to know about FGS through my family friends. Believing FIITJEE, I joined here for my secondary school aiming to score high marks in Academics.

In this school, the faculties are very dedicated and friendly towards students. They gave a lot of personal attention and proper guidance at every stage of my preparation.

The schematic Test schedule and systematic teaching scheme helped me to follow each and every concept precisely. After the completion of syllabus on time, we had vigorous revision test and clarification session. This helped me to find my strength and weakness before my board exam. With all this support, I was able to score 486/500 in my board exam with 2 centums, in maths and computer Science.

I am taking this opportunity to thank my school management, wonderful and supportive teachers, God and my parents for my success in my class & board exam.
