

## M Kavinesh Sridharan

Hello everyone. I am M. Kavinesh Sridharan. I joined FGS during my 9<sup>th</sup> Grade. Initially it was very challenging and I was not sure how to start my preparation but the faculty members were very helpful and guided me step by step. FGS provided the competitive environment I needed to improve myself.

Understanding the importance of personalized attention, I was provided with extra classes after school to work on the subjects I needed to improve. These classes were instrumental in clarifying my doubts and strengthening my understanding of concepts. The faculties at FGS were not just knowledgeable but also extremely approachable and supportive. I was provided with several tests and exams which were really helpful for my preparation.

I would like to thank my Faculties ~~at~~ <sup>and</sup> FGS for their support which propelled me to excellence.

Sincerely,

M. Kavinesh Sridharan
